

NICKEL ALLOY TUBING

For the very best in nickel alloy tubing, turn to TW Metals. We have the products, processing, pricing, and quality you're looking for.

The nickel alloy tubing products you need – when you need them.

Our comprehensive inventory will meet your needs for tubular products in high temperature and high corrosion applications. Our material is certified to the latest specifications in both the aerospace and commercial industries. We also offer complimentary products such as pipe and round bar to complete your bill of materials.

With the help of our affiliate Philip Cornes Group, TW Metals sources worldwide for its nickel alloy tubing products. And because we maintain a deep inventory at our strategically-positioned locations, you're assured of on-time delivery.

twmetals.com

**Specialty Metals Leadership.
Supply Chain Innovation.**

In the **TUBESALES** tradition.

TW Metals carries on the quality tradition of Tubesales, one of the most respected names in metal long products and services. As a result, we bring decades of specialized experience to your order.

Full processing capabilities.

TW Metals offers specialized cutting facilities for all types of nickel alloy tubing materials, ensuring accurate, straight, and distortion-free cut lengths to the tolerances you require. Our processing techniques minimize scrap, to help reduce your total cost.

Certified quality system.

We insist that suppliers meet the highest quality standards in their industries, and conduct regular inspections. And, we maintain test certificates to ensure full material traceability, along with a library of all current international standards and customer specifications.

Competitive prices.

Best of all, TW Metals delivers all this quality, service, and value at highly competitive prices. And remember that additional products and alloys are available through customized supply programs tailored to your needs.

So when you need nickel alloy tubing, think TW Metals. Call us today at 1-800-203-8000.

Industries Served

TW Metals provides comprehensive, high-quality nickel alloy tubing solutions to a wide range of industries, including:

- Chemical Processing
- Medical
- Pharmaceuticals
- Food
- Oil & Gas
- Pulp & Paper

	Outside Diameter	Wall Thickness
Alloy 20	1/4" & 1/2"	.035 to .049
Alloy 200	1/4" & 3/8"	.035 to .065
Alloy C-276 seamless & welded	1/4" through 3/4"	.035 to .065
Alloy 400 seamless	1/4" through 1"	.035 to .065
Alloy 600 seamless	1/4" through 1"	.028 to .065
Alloy 625 seamless & welded	1/4" through 7"	.010 to .150
Alloy 718 seamless & welded	1/4" through 7"	.020 to .125
Alloy HX welded	3/8" & 3/4"	.020 to .070
