

AEROSPACE ALUMINUM SHEET

For the very best in aerospace aluminum sheet, turn to TW Metals. We have the products, processing, pricing, and quality you're looking for.

The aerospace aluminum sheet products you need – when you need them.

TW Metals is recognized as one of the largest national distributors of Aerospace Aluminum Sheet. A full range of alloys and tempers have been strategically placed in regional depots to service your requirements, in addition to full sheets packaged to your specifications with vinyl or paper surface protection. TW Metals offers custom coil cut to length programs, sheet shearing and heat treating.

All material is certified for both Military and commercial applications meeting AMS and DFAR requirements. This broad range of customers demand a wide and deep inventory and TW Metals has met the challenge. Plus we offer a full range of complimentary products including Aerospace Extrusions, Drawn Aluminum Tubing, and Heat Treated Aluminum Plate.

**Specialty Metals Leadership.
Supply Chain Innovation.**

In the TUBESALES[®] tradition.

TW Metals carries on the quality tradition of Tubesales, one of the most respected names in metal products and services. As a result, we bring decades of specialized experience to your order.

Full processing capabilities.

TW Metals offers specialized cutting facilities for all types of aerospace aluminum sheet materials, ensuring accurate, straight, and distortion-free cut lengths to the tolerances you require.

Certified quality system.

We insist that suppliers meet the highest quality standards in their industries, and conduct regular inspections. And, we maintain test certificates to ensure full material traceability, along with a library of all current international standards and customer specifications.

Competitive prices.

Best of all, TW Metals delivers all this quality, service, and value at highly competitive prices. And remember that additional products and alloys are available through customized supply programs tailored to your needs.

So when you want the best in tube, pipe, bar/rod, or extrusions in stainless, aluminum, nickel, alloy, or titanium, think TW Metals. Call us today at 1-800-203-8000.
